Hi-

This is one reason I was convinced Oswald was "casing" Wisconsin.

I knew both (Angelo) and brother Jimmy, when I was radio editor in early thirties. Jimmy hung around my office trying to be press agent to visiting radio celebs, to scrounge couple bucks. Poor Italian family - father was bootlegger during prohibition. Suddenly, family had terrific Italian food restaurant in factory area. One night when I was there, I knew who backed him. Obviously, the group he was talking to, was Chi gangsters. The expensive garb was clue. In turn, Jimmy was operating fashionable night spot in Milwaukee outskirts. Frances Langford at $5,000 per week, etc. Bumped for highway. Next he owned a downtown hotel.

Angelo was not released from state prison to attend Mother's funeral. Gov. Gaylord Nelson paroled him. Another gang murder and he was back in prison. Last I heard of Jimmy, he was in Miami, hiding out from I.R.S.

Meantime, famous Fox and Hounds restaurant, started by well-known Milwaukee restaurant man, was rumored as gang hangout.

And, there are several unsolved gang killings in Milwaukee and Wisconsin.

JFK was slated for speeches in Sparta area at time barber reported seeing Oswald.

They have elegant homes at gorgeous resort area at Fox Lake, Wis. Not far from Chi. Ralph Capone was "retired" at Mercer, Wis. Sister operated hotel.

To sum up: Wisconsin infested with the scum, especially when heat is on in Chi.

Giacana sponsor of Sinatra.

Incidently, Joe McCarthy backed Cotter for Senator.
